We can not afford to cavil upon shipped to our county. This, indeed, such small and discusting matters, but would be an expense which our farmers ciable, wide-awake, and welcome the we, the lemis of radionals, must respect and people should seek to guard against stranger with a hearty welcome. With the rights and teel ago of others and not if their circumstances will warrant them a railroad up the valley which will be a bring to the surface personal dislikes or in doing it. Most of the farmers are poor reality in time, and a good prospect of a our political reverges, if we hope to do and low in pockets, and many of them railroad from the direction of your city any thing in aiding the railroad projects last year's settlers, but it is poor econointo our county.

the wealth and business of the county, or three times the price. They can fore- Mr. R. Anderson's note in your last and so we bail all efforts of any of our go a few of the present requirements and issue fears that I did the Rev. J. Boynton be sines and thing more permanent, more than into our county and for home conbusiness and thing more in the bending done.

Undoubtedly, all has been done that could be, except acting more in unison and to farmers will have been satisfied on reshow, and the work in Lincoln county a purpose.

our great railroad interests. They are one thing all should be particularly careinstigation or through the unseemly the grain next to nothing because some Rev. J. N. Bartels has charge of the course of one man or a set of men. Ap- one comes along and wants to buy it. work, with the assistance of the Rev. J. portion each department with the right the best good of the county. And above all, do not prejudice the people to the enterprisos, for the people must give their the New York Herald had some highly-sensational cable dispatches from Euterprisos, for the people must give their tope, about trouble brewing between Bistope, and it will be remembered that recently of Lincoln county. The work is extensive, and at the last quarterly conference the presiding elder was asked to supply Lincoln county with some help, which assent of any of the roads are built. A marck and the English Foreign Minister, he promised but failed to do. He theresplendid motto to adopt is that of D. because the little island of Heligoland fore requested, as I have stated, the Rev. splendid motto to adopt is that of D. The fuse the little island of Religional J. Boynton to go up to Lincoln county Crockett's, which says, "First know you was coveted by grasping Germany. to look after the interest of the work and

conceited in his views, overbearing at all to internal organization. "Not war, but times, his removal from office suits many peace, an honost peace, taust be our Lindsey House, at Lindsey, Ottawa of his old soldiers. of his old soldiers.

RAILROAD MEETING.

A few of the citizens of Ottawa and W. H. JOHNSON AND M. B. SAMPSON, EDITORS.

SALINA, KANSAS:

THURSDAY, AUGUST 19, 1871.

CALTION WITH OUR RAHLROAD MATTERS.

There is nearly the same number of diverse voices discussing our railroad interests and projects as there were jablactics of Sedgwick, McPherson. Salvalled, its action was rail counties of Sedgwick, McPherson. Salvalling to do this dirty work for them.

MINNEAPOLIS, Aug. 7, 1871.

Since I last wrote you, our enemies the Lindscyites, seem to have changed the Lindscyites, and now think to annoy the firends the Lindscyites, and now think to annoy the firends the Lindscyites, and now think to annoy the firends the Lindscyites, and now think to annoy the firends the Lindscyites, and now think to annoy the firends the Lindscyites, and now think to annoy the firends the Lindscyites, and now think to annoy the firends the Lindscyites, and the Lindscyites, and the Lindscyites, and

be harmony and accord. If one person side of the state of Nebraska, to the Gulf an hour. Again this same A. J. Ingerdiffers with an other, and continues at of Mexico, is destined to become one of variance in the discussion and in laboring for those vital interests the success or line to salt water. The attention of laboring to their followers and a restraint on their laboring for those vital interests the success or line to salt water. The attention of laboring to their followers and a restraint on their laboring to their followers and a restraint on their forays. defeat of which assures the weal or woe Congress having been turned to such shores of Coal Creek," and said that he of a people, that community must pro- national action as will open up better was the "present incumbrance in the portionately suffer.

The people of Saline county have railroad interests which require careful nursing and for which sound judgment should

action as wint open up better county have railbe a grand ship canal by the way of the Isthmus of Tehauntepec, the interchange of trade in cattle, the flow of commerce of the county attorney's office;" called him a "Judas," because he betrayed the party that elected him to office, made a complete summersault and fell in the middle of trade in cattle, the flow of commerce of the county attorney's office;" called him a "Judas," because he betrayed the party that elected him to office, made a complete summersault and fell in the middle ing and for which sound judgment should of trade in cattle, the flow of commerce of Lindsey in the mud, where he seems be exercised and competent men chosen between the central and tropical belts of to be doing the mud work of that town; to direct all attending affairs. That the most worthy and suitable selections have most worthy and suitable selections have which begins to manifest itself about the been made so far to work up the inter- Gulf of Mexico, all uite with the ex- says the above means him. We don't ests we verily believe to be true, in some tending flow of civilization to the south-dispute his word—he is likely correct. It is probable this "affiant" will find it to the south-dispute his word—he is likely correct. It is probable this "affiant" will find it cases, while in others they were ill-timed, west to indicate the importance of unitary as the men were not fraught with that ing our efforts for one of the main trunk discretion and coolness which should lines to the posterior and coolness which should line to the posterior and the posterior and the posterior and the posterior and the posteri discretion and coolness which should lines to the nearest salt water. This acts of county officers. Again, it is rucharacterise those bearing such important road north and south is one of great sig-moured that Ingersoll has sworn out a trusts. To two causes these deficiences nificance to each county, locally, while writ against Mr. Spence, a black man. are attributable-to inexperience and a it alike aids the people of each county What crime our sable citizen has been just appreciation of the nature of the work to be accomplished, and perhaps, too, there has been a self-importance and obstinacy in hearkening to the wishes of those who have a right to be been a self-interval. those who have a right to be heard that dampens the ardor and confidence of the people in the reliability of the work endertaken. While it would seem that this is a matter of but small moment, it can not be too carefully looked after. First of all, men who possess the confidence of the people for their capabilities, he sesty and determination to perform their allotted tasks should be selected in hind in this grand enterprise.

but some did permit their prejudices of son, every bushel raised will be needed likes and dislikes to control them. We revert to these facts with regret the place of the grain now being sold for water for nouse use, and a magnificent country of bottom lands surrounding us. my and unwise to dispose of the wheat Each additional railroad that passes now at sixty to eighty cents per bushel into Saline county is so much added to and next spring buy other back at twice citizens for other lines. But there should pleasures in view of securing the bene- injustice in the correction of the notice be no thoroughness and better un fits to be derived from holding on to their of the Herald, ot his visit to Lincoln derstanding among all parties for the roads we are seeking after, or for that portion we decide to work for. We re- county will be required by the immigration wanted credit for work he did not do, quire something more permanent, more tion into our county and for home con- and for work that had been in progress ceiving the increased rates of one dollar will show. Salina is a station, and the Then, we should act with caution upon to one dollar and a half per bushel. The Rev. J. Boynton is in charge. The Satoo valuable to be frittered away at the ful of, and that is not to run wild and sell and the unorganized counties west. The

It appears that no demand has been make arrangements until the next commade on England to sell Heligoland, as reported, and the opinion of German Reve sue, has at last been removed, and Dough we appointed in his place. If we Cologne Gazette when it says that "the German government is certainly far from entertaining any intention of making a demand for a little rock in the ocean, o which we have no legal claim whatever all officers were reiding in carriages be the power which we have a right to posed as an article of news, not know-It appears that no demand has been make arrangements until the next con-

hind their chi of, and we noticed at the the power which we have a right to posed as an article of hews, not knowtime the type and we noticed at the power which we have a right to posed as an article of news, not knowing the facts as they existed. Mr. Anderson also, not being posted on the outside work, must remember that Sashould ago crazy over a man like irritable desire to sow new conflicts as lina is not all the world for Methodist should go crazy over a man like tritiane desire to sow new countries. In a sound to think that greatthe seeds of future wars and deprecates work. There is a little something going on outside. With these facts, as above stated, which are a matter of record, I generations our instructor in culture, inof Commissioner of Internal Revenue—
generations our instructor in culture, ingenerations our instructor in culture, ingeneration of the control of the culture in culture, ingeneration of the control of the culture in culture, ingeneration of the culture in culture, ingeneration of the culture in culture, ingeneration of the culture in culture in culture, ingeneration of the culture in culture in culture in culture in culture in cultu setting up his opinion as of much more dustry and the legislative developments of the people," and tice to those who desired it, and have having little segard for the wishes .und views of the chief executive. Vain and external unity, and needs to devote itself conceited in his views, overbearing at all to internal organization. "Not war, but
